

CLINIC BROCHURE / No. 01

A virtual clinic, built for senior specialists.

Online consultations, remote monitoring and 24/7 specialist support — delivered to homes, hotels, employers and partner clinics across Ghana and the diaspora.

TELEMEDICINE-GRADE

01 — SOLUTIONS

Four ways we deliver specialist care.

Online Consultations

Secure video & text visits with board-certified consultants. E-prescriptions, lab orders and referrals — all in one platform.

VIDEO TEXT E-RX

Remote Monitoring

Chronic-care plans tracking BP, glucose and symptoms. Specialist review and proactive escalation between visits.

BP GLUCOSE CARDIAC

Telerounding

Mobile carts with HD camera and digital stethoscope put ASV consultants on partner ward rounds — daily.

WARDS ON-CALL CARTS

Telebooth Outreach

Community telemedicine hubs run by trained local coordinators — closing the specialist gap in underserved districts.

COMMUNITY HUBS

02 — WHO WE SERVE

Designed for the partners who deliver care at scale.

Employers

A superior health benefit — lower absenteeism, healthier teams.

Hotels

In-room specialist care, 24/7 — a premium guest amenity.

Insurers & HMOs

Specialist coverage with pharmacy, lab and reporting controls.

NGOs

Telebooth hubs and sponsored telerounding for underserved communities.

03 — HOW IT WORKS

From sign-up to consult, in minutes.

01 Create an account

Sign up free with your basic details.

02 Verify your email

Activate via the link sent to your inbox.

03 Book a specialist

Choose a consultant and a slot that fits.

04 Consult by video

Secure call, e-prescription and follow-up.

Book a specialist today.
